ILLINOIS POWER AGENCY

IPA Announces Greenhouse Gas Reduction Fund Solar for All Funding to Expand ILSFA Community Solar

February 4, 2025

The Illinois Power Agency, in collaboration with the Illinois Finance Authority, has received a portion of the federal funding awarded through the U.S. Environmental Protection Agency's ("EPA") Greenhouse Gas Reduction Fund ("GGRF") Solar for All program. This funding will expand the Illinois Solar for All ("ILSFA") Community Solar sub-program budget for the current 2024-2025 Program Year, supporting ILSFA community solar projects.

Additional information detailing funding allocations and requirements is currently in development and will be released soon through an additional communication.
